Introduction

The following report outlines the neighbourhood crime statistics for Shepton Mallet Town for the last 3 months from December 2020 – February 2021. It also details our Beat pages priorities and will eventually detail our PACT priorities once we can continue to conduct those meetings again.

Due to Covid-19 we have been unable to hold a more recent public meeting. In order to keep our Policing priorities reflective of demand we have been monitoring all reports coming in and working towards issues we feel that members of public would like us to concentrate/focus our efforts.

Catalytic Converter Theft

We are unfortunately still receiving reports of Catalytic Converter Theft. We ask that you be extra vigilant and report any suspicious vehicles and persons via 101.

Your local Neighbourhood Policing Team are currently in the process of securing marking kits that we will be offering to our local community.

Animal Theft

We have not had any reports of animal theft at this time. If you have any concerns regarding suspicious people/vehicles please contact us via 101 to report.

I have contacted a local vet's surgery for advice for keeping your animals safe and they have said that gaining a tracker for your animal can be very effective, especially if your dog runs off. Also they said that microchipping your animal is also very important/effective, but also keeping those details up to date.
